Reflected ceiling plan, the cellars and dungeons (model v71)

Looking up; north up, the layout pale under it. Each model room by its ceiling kind (architect-materials.py's table, docs/architect/materials.md 3); "s c": a vault block's springing and crown. The shells draw no vault yet. Nothing spent.

The Architect, 20 October 2026, for Godric, on the castle model, version 71. Under 1.1, 2.1, 3.1 and Q48b's 3. North up; the bar 50 m. Numbers: the step 3 sheet's places (+ the canon sweep's); letters, purple: this sheet's fill, every space given a use.

barrel · groin · rib · umbrella · beams · open-roof · plaster · dome · sky

Hatches: barrel, a dashed crown along its axis between its two springing lines; beams, bold oak joists 3 m apart; groin, bay crosses on pier squares; rib, heavy ribs to a gold boss; umbrella, radials from its pillar; open roof, close rafters under a heavy ridge; plaster, blank in a fine border; dome, rings; sky, stars on night blue.

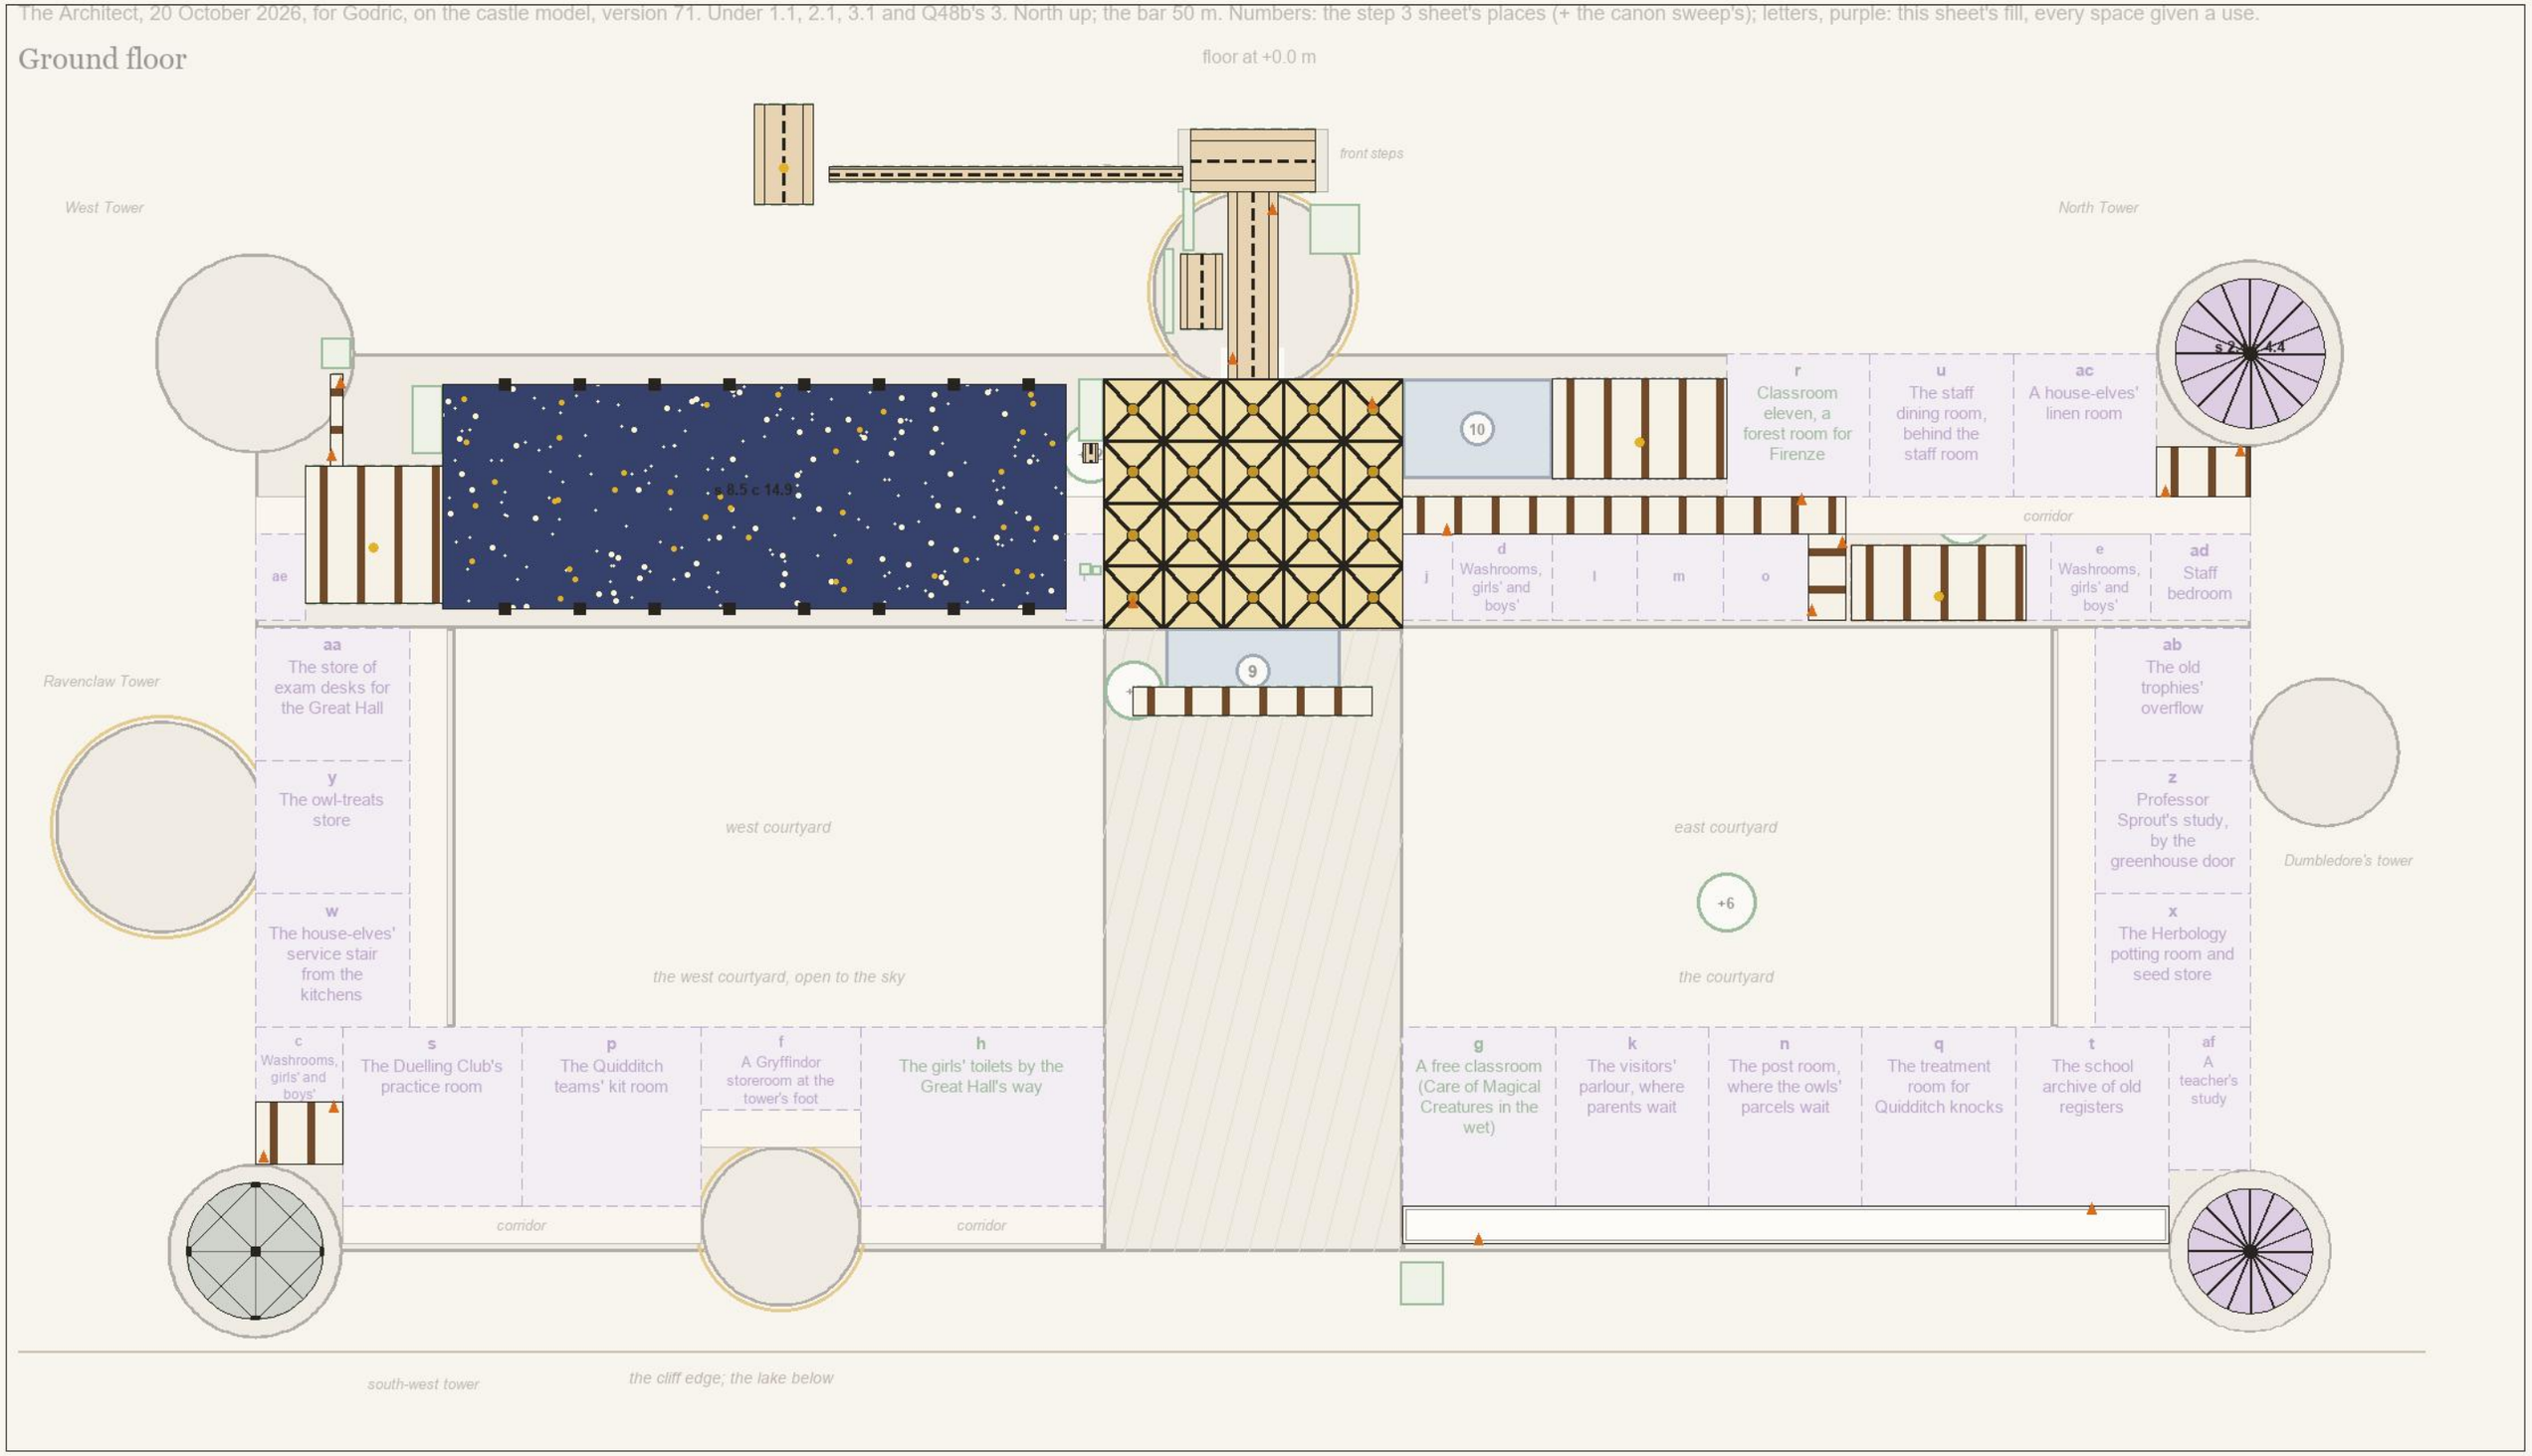

Lights by the row's column: torches (orange wedges), candles and lamps (a gold dot), draped lamps (red), floating candles (gold field); none in a store or a found room. Interiors' placed lights are the shells' blocks, not drawn here.

Marked overhead (a star of ticks): trapdoors, hatches, ladders, beams and hooks, by id.

This floor's 26 model rooms: barrel 19, groin 7. The layout's fill rooms carry no ceiling of their own yet.

Reflected ceiling plan, the ground floor (model v71)

Looking up; north up, the layout pale under it. Each model room by its ceiling kind (architect-materials.py's table, docs/architect/materials.md 3); "s c": a vault block's springing and crown. The shells draw no vault yet. Nothing spent.
